- Ashley Hedberg (Computer Science, Applied Mathematics, 2015)
- Software Engineering Intern
- Full-time, 40-50 hours per week
- Paid

What do you do as an intern at this organization?
I am working on improving storage, retrieval, and summarization of load test results for Google's content delivery network.

How did you find your internship?
I was contacted by a recruiter.

What do you enjoy most about your internship?
I am improving my skills in several areas of computer science very quickly in a short amount of time.

What do you find challenging?
There is a lot of pressure to "make an impact."

What advice would you offer to someone who wants to make the most of an internship like yours?
Start early. My first technical interviews were in October. Study for the technical interviews, too.
