What do you do as an intern at this organization?
I did a bit of everything - prepping for meetings, taking notes, research, event planning, managing files and expectations from external sources, etc.

How did you find your internship?
The internet, and the founder came to speak at Tufts.

What do you enjoy most about your internship?
It trains me how to be efficient under pressure in a fast-paced environment.

What do you find challenging?
It is a bit frustrating to have little control on how the organization functions as a whole. However, my team is very thoughtful and welcomes feedback.

What advice would you offer to someone who wants to make the most of an internship like yours?
It’s okay to ask questions and request help the first few weeks; it’s how we learn. And more importantly, it gets easier.
