What do you do as an intern at this organization?
I work on outreach and event planning for the annual Millennium Campus Network conference and work on outreach and developing curriculum and application materials for the Millennium Fellowship.

How did you find your internship?
I found it through Idealist and other non-profit internship databases.

What do you enjoy most about your internship?
I enjoy how much the job is based on team work and how important interns are for the organization. The work we do is valuable for MCN and not just busy work.

What do you find challenging?
I find the outreach aspect challenging because I need to be very outgoing and confident when trying to promote our programs to people and schools we think could benefit from them.

What advice would you offer to someone who wants to make the most of an internship like yours?
I think the best advice is to make sure you know what to expect from your internship and what your work will entail as much as possible so that you know if it suits you or not.

About the Organization
Millennium Campus Network
Boston, MA

The Millennium Campus Network (MCN) is a Boston-based, national non-profit committed to supporting the efforts of university student leaders working towards global development. Through its innovative fellowship program and annual conference, the MCN supports the next generation of global leaders on campuses across America.
