What do you do as an intern at this organization?
Created a health literacy ESL curriculum and taught a group of women with varying proficiency levels for two hours a day, four days a week.

How did you find your internship?
The community health internship database.

What do you enjoy most about your internship?
Creating relationships with my students and watching them improve.

What do you find challenging?
Thinking on my feet is always the most challenging aspect of this internship. I am constantly having to make changes to the curriculum and the schedule.

What advice would you offer to someone who wants to make the most of an internship like yours?
Have a high proficiency level in Spanish. Be comfortable having a lot of autonomy. Realize that theory doesn't always translate perfectly to practice.

About the Organization
Mujeres Unidas Avanzado
Dorchester, MA

Mujeres Unidas Avanzando (MUA) has been meeting the educational needs of low-income Latina women for nearly three decades, helping them build skills for full, self-sufficient lives. MUA’s mission is to provide a means for Latina women with limited education or English language skills to effect social, political, and liberating changes in their families, in their community, and consequently in society.
