Not sure where to begin with your career journey? No need to freak out! Read this "Where to Begin" advice blog by our Career Advisors with explanations about how it all works.

The #1 place that students find internships and campus employment. You’ll also use Handshake to schedule appointments with Career Advisors.

The perfect introduction for first year students: A 7-week course where you’ll create a plan to kick off your career exploration at Tufts. Check out EXP-0068 in SIS when you register for classes.

The Career Center is organized by 7 Career Communities, each with its own customized page on our website, resources, opportunities, and lead advisor(s) to guide you as you explore your various interests.

Meet with an advisor or Career Fellow any day of the week without an appointment! Drop in for quick questions and advice. A great way for first year students to get an introduction to the Center and our resources.

This is the weekly newsletter you’ll receive every Monday from the Career Center. It’s the best way to stay up to date with Career Center events, opportunities, and resources.

Start transitioning your high school resume into a college resume using the Career Guide and its examples.

Listen to Tufts alumni talk about their career journeys, how they made decisions, what they did when things didn’t go as planned, and lessons learned along the way.

Stay up to date with Career Center events on our website and in Handshake.

Starting in November, first year students can schedule one-on-one appointments with Career Advisors using Handshake. Schedule general appointments to get started and career community-specific appointments to explore your focused interests.
